Part 1 : Chained inheritance

1. Class chain

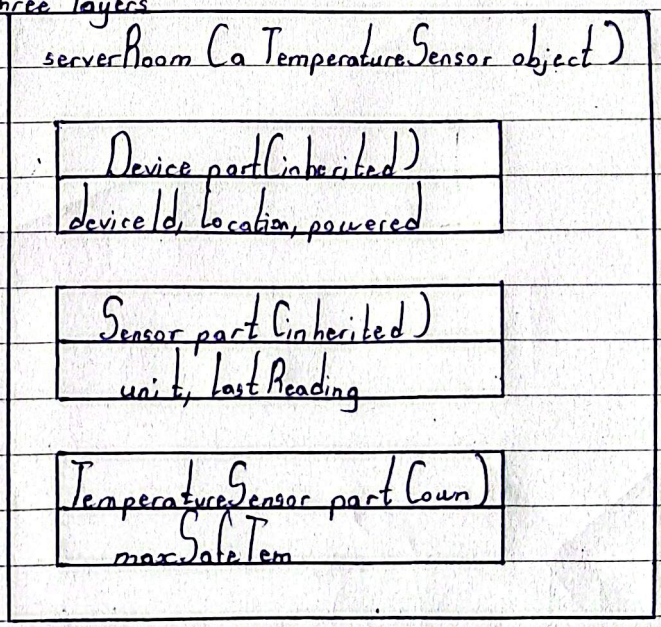

NB

Bottom half - functions , (→) points from child to parent

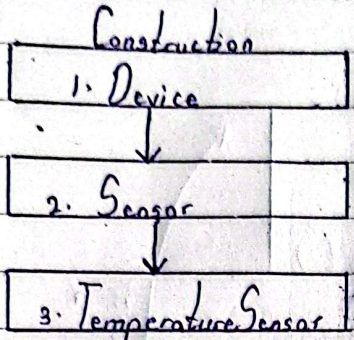

Top half - data members

2. Object with Three layers

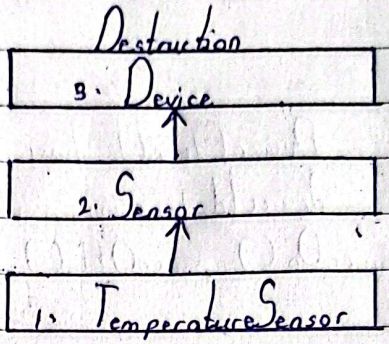

Showing The object contains parent parts

3. Constructor and destructor order

NB - Parent built ~~last~~ first

NB - Child destroyed first.

4. Who can call what

Function	Device (object)	Sensor (object)	TempSensor (object)
powerOn()	✓	✓	✓
recordReading()	×	✓	✓
isOverheating()	×	×	✓
